

## **Astel, Inc. Announces Opening of US Office in Springboro, Ohio**

*A recognized developer and manufacturer of digital video surveillance products announces the opening of its US office as a result of a growing demand for SeCube brand of Digital Video Recorders*

SPRINGBORO, OH – October 28, 2008 – Astel Inc., an experienced developer and manufacturer of high-tech digital video surveillance products announces the opening of its US office in Springboro, OH as a result of a growing demand for its SeCube brand of Digital Video Recorders on the US market. With a growing number of SeCube distributors and dealers in the United States, the new office shows Astel's dedication to provide better technical, marketing and sales support for its partners in the US marketplace. This move allows Astel to prepare for additional predictable growth in the near future.

It is Astel's stated objective to be closer to its US customers and to show a clear commitment and focus to the United States market. SeCube USA, located in Springboro, OH will provide the customers with a benefit from a direct access to SeCube's surveillance technology experts. This expansion will further strengthen the partnership and co-operation with SeCube's current and future US customers. SeCube USA offers SeCube line of innovative Linux-based Standalone Digital Video Recorders featuring enhanced MPEG-4 compression, simultaneous live viewing / recording / playback / backup / remote network viewing, multi-site remote client software, eMapping and other advanced features. SeCube USA also provides technical support and marketing assistance for SeCube dealers in the United States.
